

SD SWIMS GRANT NOW ACCEPTING APPLICATIONS

Learning to swim from a qualified instructor drastically reduces the risk of childhood drowning by 88%. Drowning is the number one cause of injury-related death for children ages 1–4 in California and in the US.

The SD SWIMS Grant will provide grant funding to schools and non-profit programs that focus on youth learn-to-swim programs. Grants are presented by the Prevent Drowning Foundation of San Diego, the County of San Diego, and First 5 San Diego to ensure all children have access to the fundamental skill of swimming.

APPLY

- 1 Access the grant application at sdswimsafer.org.
- 2 Review the program requirements
 - a. The program can be implemented summer and fall of 2022.
 - b. The program serves the **4th quartile of the San Diego County Healthy Places Index** and may be in close proximity to a city or non-profit pool.
- 3 The deadline to apply for summer programs is August 1, 2022.

FIND RESOURCES

San Diego Swim Safer is a new resource website to help you find local pools, swim lessons, and swim safer events in your area, along with tips and resources to help you secure your home pool, swim safer at the beach, and find water safety classes. The website includes toolkits for pool and club operators.
